Now you can block nuisance calls by any number. both Prepaid & Postpaid
ActivationVia USSD Just dial #107#
Via SMS Activate: type CB & send to 678

Deactivate: type OFF CB & send to 678
Number Management

Dial #107# to Add/Remove numbers & View profile details

Friend Finder type REG & send to 779.

SMS Divert Activation

Simply type DIV [number to divert] and send to your own mobile number. For
example, let's say that your number is 0777123456 and you want to divert to
0777654321. This is the command:

DIV 0777654321

Send that in a SMS to 0777123456 (your number).

To deactivate the divert (when you want to start receiving SMS again) just send DIV DEL to your own mobile number. For example:

DIV DEL

and send to 0777123456 (your number).

+00 will appear in front of the SMS for identification. (+0094777123456 for example). You can also activate via the web by logging in to sms.dialog.lk using your MyDialog username and password.

Mobile Tracker

Introducing . All you have to do is install the Mobile Tracker application on your handset. If your mobile is stolen and a new SIM is inserted, an SMS will be sent to a pre-defined 3rd party number informing you of the new mobile number.
Activation & Deactivation

Activate : Type TRACK and send to 678
Deactivate : Type OFF TRACK and send to 678
Use

A link will be sent to your phone where you can download the application.

Once the application is installed, you can log on to http://mobiletracker.dialog.lk using you're MyAccount username and password to modify settings or get a detailed report on SIM changes on your mobile.
Pricing
Rs. 120.00 per month.
